We're Building the World's Most Experienced Driver™

Waymo is an autonomous driving technology company with a mission to make it safe and easy for people and things to get where they're going.

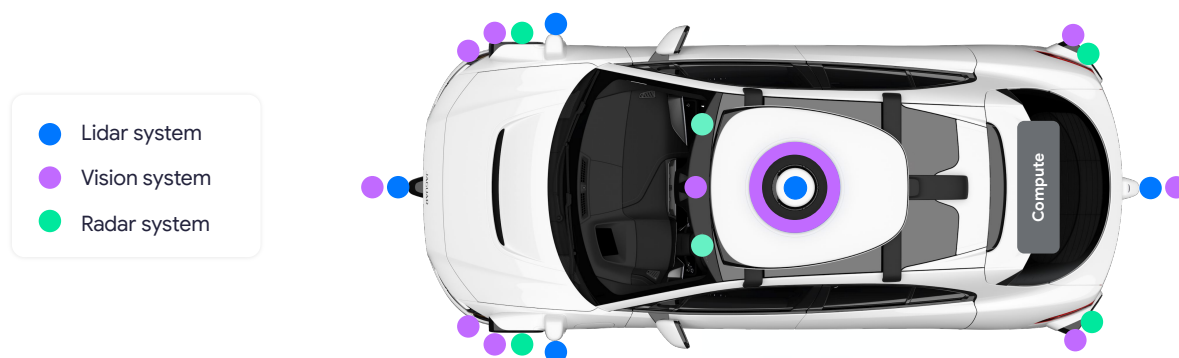

The Waymo Driver

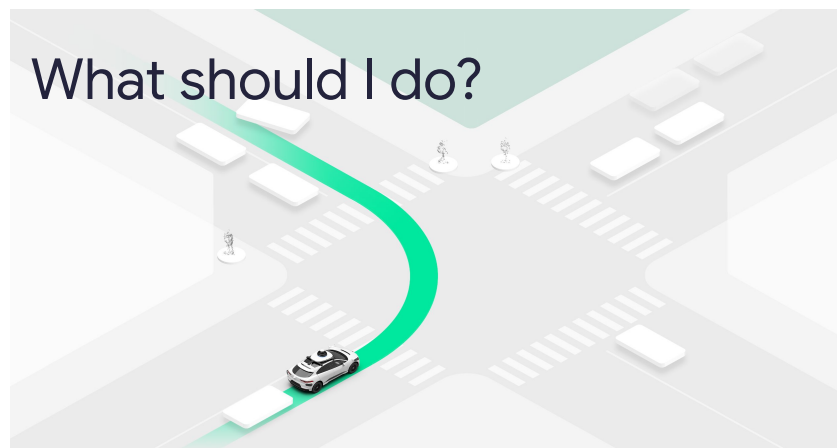

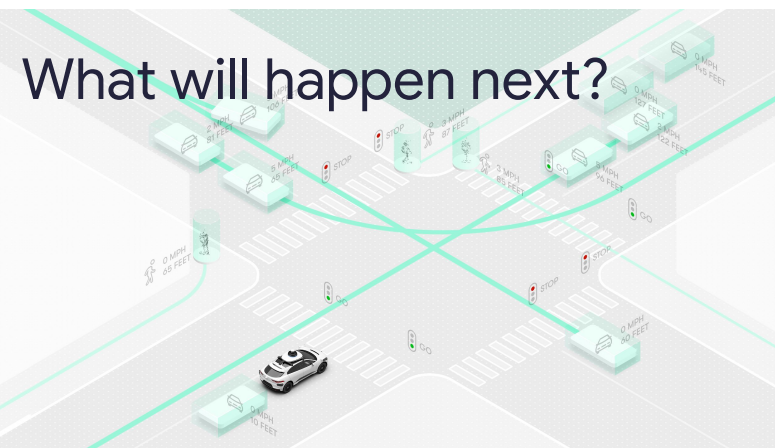

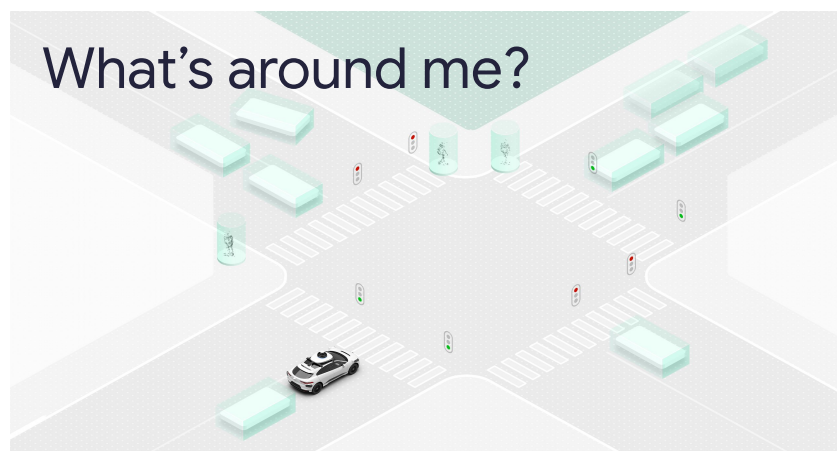

Hardware

The Waymo Driver

Hardware

360° vision

Safety

For pedestrians, cyclists, and road users outside of the vehicle

Fully autonomous vehicles hold the promise to improve road safety and offer new mobility options to millions of people.

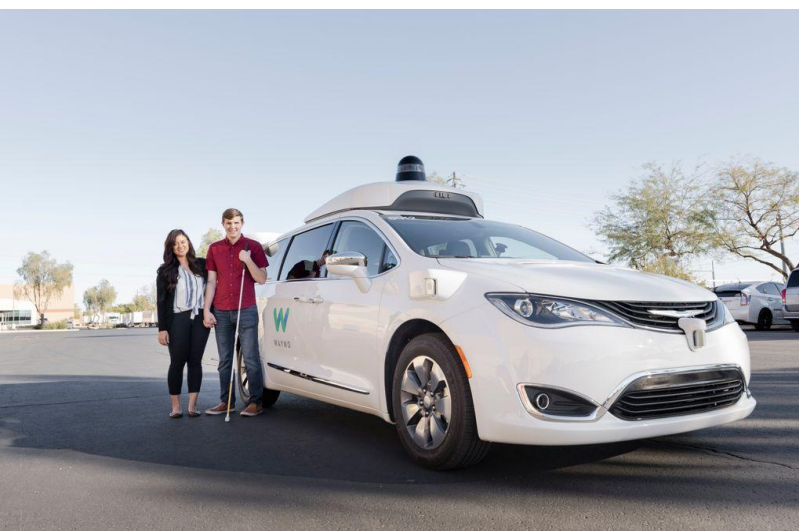

For passengers inside the vehicle

With all that peace of mind, you can relax and enjoy free time in the back seat of a consistently spacious and clean car, knowing just what to expect with each ride. The Waymo Driver makes getting there feel like being there.

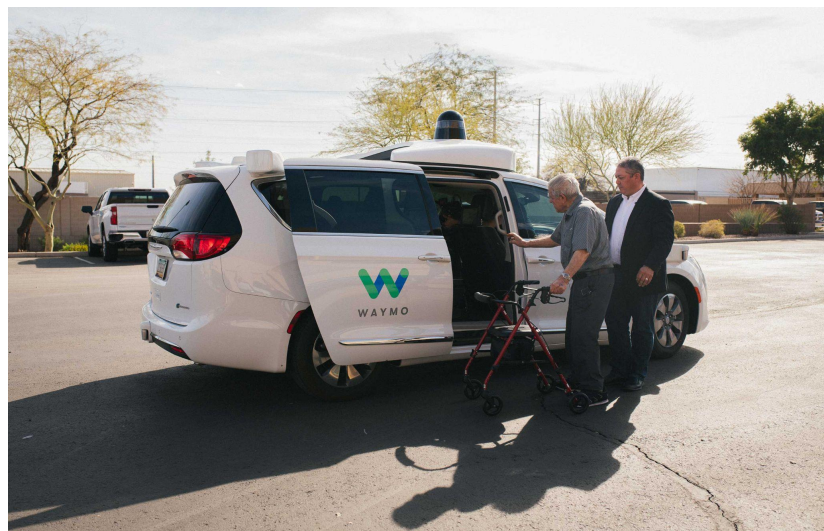

Access

In-car & mobile features for blind & hearing-impaired riders

Options to minimize walking time when ordering a trip, turn-by-turn walking navigation, the ability to honk the car's horn remotely, and the option to contact Rider Support who have access to the vehicle's cameras if needed

Developed to be accessible for riders with various needs

The Waymo Driver holds the potential to bring a new level of freedom and independence for those who cannot drive

In Chandler, Arizona
Waymo is offering the
world's first fully
autonomous service with
100% of rides with no
human driver.

Sustainability

Fully Electric Jaguar I-PACE

The newest fifth generation of Waymo's AV technology, which we call the Waymo Driver, relies entirely on a zero emission electric vehicle (ZEV) fleet for passenger vehicles

SuperGreen Spotlight

WAYMO

Waymo's mission is to make it safe and easy for people and things to get where they're going. The Waymo Driver, their fully self-driving technology, can improve the world's access to mobility while saving thousands of lives now lost to traffic crashes. The company is dedicated to sustainability; Waymo believes that autonomous vehicles and shared mobility can meaningfully contribute to improving the environment.

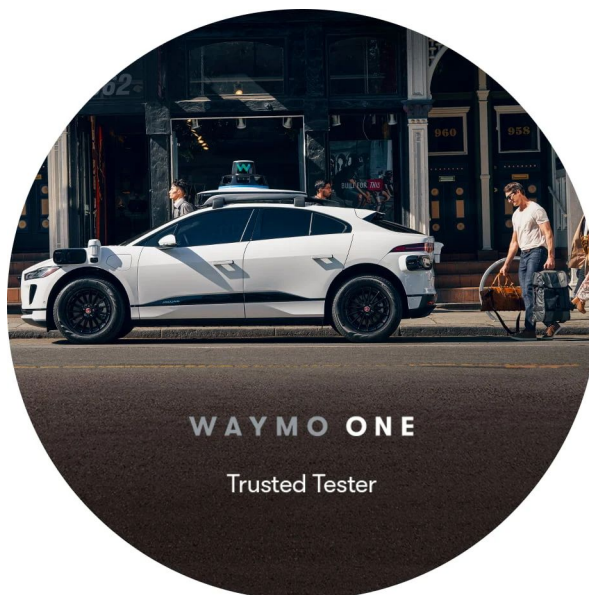

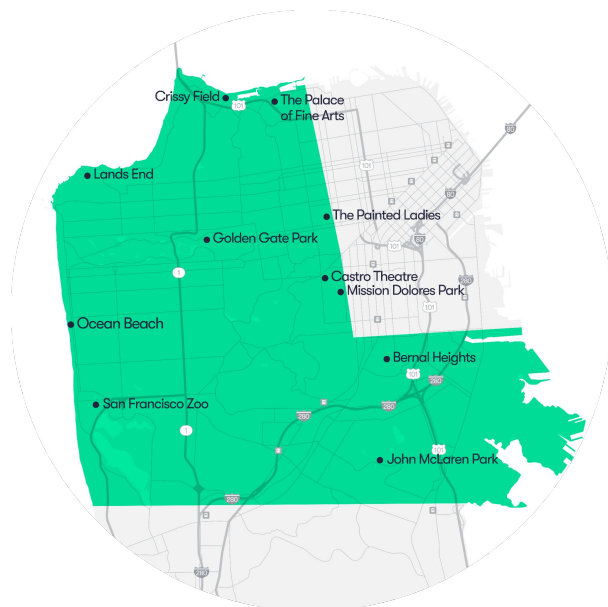

CleanPowerSF Supergreen Spotlight

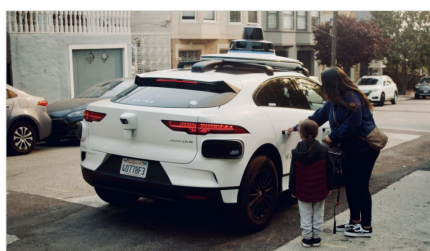

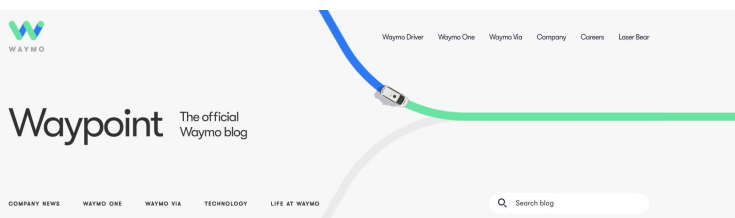

Waymo's chargers are powered by CleanPowerSF's 100% clean energy program which offers electricity powered by renewable energy sources like wind and solar

San Francisco Trusted Testers

Waymo Updates

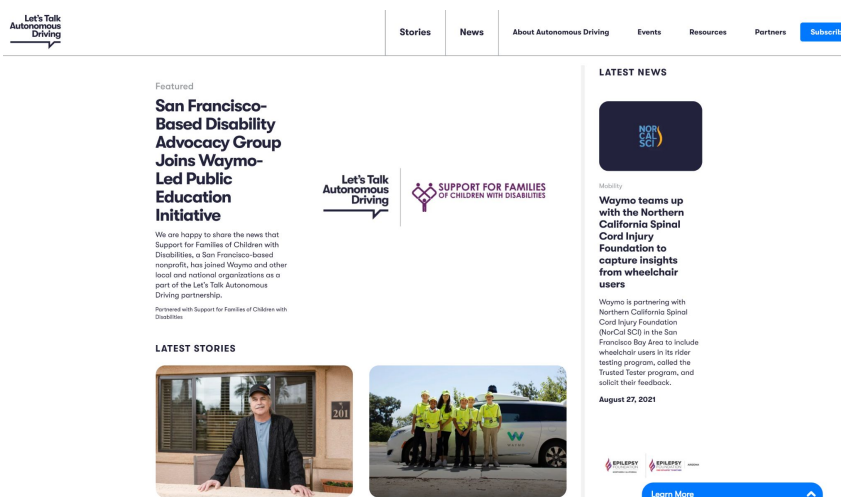

Tuesday, August 24, 2021

Welcoming our first riders in San Francisco

The Waymo Team

Today, we're excited to share the next step in our journey in the City by the Bay, with the kickoff of our Waymo One Trusted Tester program.
